**Following:** "building."

**Insert:** "The department shall obtain donations equal to at least 70% of the project costs prior to starting the project, and donated funds must be used before the department expends internal service funds."

- END -

Explanation - These amendments provide 30% of the cost for the handrail for the capitol main staircase to be paid through general services division maintenance funds and requires the department to raise donations of 70% of the cost and expend those funds prior to expending the maintenance funds.

Section 2 would read: The department of administration is authorized to expend up to 30%, or \$117,000, from the internal service funds used to maintenance of state buildings and to accept donations and expend up to \$350,000 for the fabrication and installation of historically appropriate handrails on the two central marble staircases in the capitol building. The department shall obtain donations equal to 70% of the project cost prior to starting the project and donated funds must be used before the department expends internal service funds.
